1.6. Scoring

- 1.6.1. All registered competitors will be scored in accordance with the general class applicable to the event on the day.
- 1.6.2. Scoring will be based on the improvement over target time. Where possible the target time will be based on the class record at the start of the season plus 20 seconds. Where there is no standing record, the organisers reserve the right to calculate and set the target time.
- 1.6.3. Championship points will be 0.1 for every 0.1 seconds improvement of the target time, up to a maximum of 21 points. A competitor who does not beat the target time will score no points.
- 1.6.4. Double points will be awarded for the events at Curborough
- 1.6.5. The overall winner of the Championship will be the competitor who has accumulated the most points in their best 8 events.
- 1.6.6. In the event of a tie the Championship winner will be the competitor who has gained the scores in the fewest number of rounds.
- 1.6.7. Only the best 8 results will count towards overall Championship points total when determining the overall positions in the Championship. Should a meeting or scoring round be cancelled then the numbers of scoring rounds will be the following:
13 rounds – 8 to count, 12 rounds – 7 to count, 11 rounds – 6 to count, 10 rounds – 5 to count. If less than 10 rounds take place it is at the discretion of the Championship Coordinator.
- 1.6.8. At every event there will normally be a minimum of 2 practice runs and 2 timed runs with the fastest timed run being used for scoring. In the case of more than 2 timed runs the fastest run will be counted from the first 3 timed runs. In the case of only one timed run taking place due to accident/ breakdown or 'force majeure' then it will be that time that will be taken into account for scoring.
- Should an event be abandoned part way through the day/event/meeting due to force majeure, then the following will apply:
- i) All championship registered cars having the opportunity to compete less than 2 timed practice run: No points awarded
 - ii) All Championship registered cars having completed 2 timed practice runs but not all cars in that class having had the opportunity to complete at least 1 timed 'final' run. points will be based on the fastest timed practice run.
 - iii) All cars having had the opportunity to have at least 1 timed 'final' run. Scoring will be based on that single 'final' run. Practice times will NOT be taken into account in such an instance.
 - iv) Should the event organisers offer additional (ie more than two) competitive timed runs then the best time from the first three runs will be the one that counts.
- 1.6.9. Any registered competitor can enter more than one car at the same event provided they are in different Classes. In such cases, only their single best time at that event will qualify for points towards the Championship.
